

Draw Your Own Line

jetty

JETTY MARINE SUPPLY Co.

This all started as five friends on a snowboard mission. Inspiration, enthusiasm, and \$200 apiece equaled the birth of Jetty. Our brand was created on a shared love of surf, art, travel, skate, and music. Everyone involved strives to draw their own line – and it's a good thing too, because coming from New Jersey, there certainly is no line to follow.

This unique independence soon became Jetty's calling card. Facing the challenges of bipolar seasons, a fickle ocean, and surviving in a West Coast-centric world, all while staying true to our regional roots. We've set an example by striking a balance between backyard ramp sessions, surf trips, chasing fish, seeing great bands, and scoring the next swell with tireless work ethic and community involvement.

Maybe that's a balance that will forever be out of our grasp, but what's important is the line you draw in an attempt to strike it...

Over a decade of dedication, learning from mistakes, countless t-shirt designs, and one notorious super-storm later, Jetty is now the most recognizable and hardest working surf lifestyle brand on the East Coast.

Draw Your Own Line.
